EXPERIENCE

SANDISK | SENIOR PRODUCT ANALYST

Jan 2025 - Present | Bangalore, India

- Analyzed call volume and agent performance data to define requirements for a **\$2.5M** Genesys implementation, targeting a **30% reduction** in average handle time (AHT).
- Conducted deep-dive analysis of customer journeys across **40+** global markets, identifying drop-off points in IVR flows to optimize routing logic and boost self-service containment by **20%**.
- Mapped and validated complex data flows between Genesys and Oracle Service Cloud (OSC), reducing manual data handoffs by **45%** through rigorous process re-engineering.

WESTERN DIGITAL | BUSINESS ANALYST 2

July 2023 - Jan 2025 | Bangalore, India

- Identified data latency issues in product catalog updates and defined logic for API-based synchronization, successfully reducing data processing time by **40%**.
- Executed UAT test plans and analyzed failure rates to validate system performance, ensuring 100% alignment with business data requirements before deployment.
- Quantified the impact of manual bottlenecks, presenting data-backed recommendations to leadership that justified resource allocation for automation initiatives.

CARS24 | DATA SCIENCE INTERN

March 2022 - May 2022 | Remote

- Analyzed discrepancies in vehicle listing data for **2,000+** units to identify patterns in odometer reporting errors, establishing a baseline for model performance.
- Evaluated model precision metrics (mAP), achieving a **20%** improvement in data accuracy through iterative testing and validation.
- Partnered with engineering teams to integrate data validation checks into the production workflow, enhancing the overall reliability of the platform's vehicle data.

PROJECTS

CUSTOMER LOYALTY IN ONLINE SHOPPING | MBA THESIS, MARKET RESEARCH

- Analyzed key drivers of customer loyalty in online shopping using quantitative and qualitative methods.
- Delivered recommendations for product features to enhance satisfaction and long-term engagement.

EDUCATION

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY

INTEGRATED B.TECH + MBA

INFORMATION TECHNOLOGY

2018 - 2023 | 7.25/10 CGPA | Gwalior

SKILLS

MANAGEMENT

Product Development
Market Research
Process Improvement
Business Development
Lead Generation
Sales Growth

TECHNOLOGY

C++ • Python • SQL • Data Structures & Algorithms

COURSEWORK

Marketing Management
Product & Brand Management
Object Oriented Programming
Database Management System
Project Management
Strategic Management
Data Analysis
Machine Learning

EXTRA CURRICULARS

Sponsorship Head, Aurora'20
Social Media Head, Rotaract Club
Event Head, Aurora'20
Lead Singer and Guitarist, Prayala Band
Best Performer, Open Mic'20
Best Player, Urja'20
